Fractionated Plant Extracts (PM-1414) *CEB*
United States Application Serial No. 07/789,979

Dear Charles:

After entering the July 19, 1993 amendment in the above-identified application, Examiner Prebilic telephoned today regarding several minor changes and corrections that he proposed to make before issuing a Notice of Allowance.

As I reported to you by telephone today, the Examiner proposed the following: (1) change the title to "Process of Isolating Plant Extract Fractions"; (2) amend claim 65 to recite "wherein under thermal conditions, the isolated intermediate molecular weight fractions release aroma or flavors" instead of "wherein the flavor or aroma of the isolated molecular weight fractions is thermally released"; (3) delete from claim 11 "St. John's bread"; (4) delete from claim 29 "vacuum distillation", as repetitious with respect to "distillation"; (5) change claim 39 to be in proper Markush form (i.e., "group consisting of" instead of "group comprising"; and (6) change claims 4, 6 and 30 to reflect that part (d) has been added to claim 1 (i.e., change "(d)" to "(e)").

Pursuant to your instructions, I checked with Wynn Raymond and then authorized Examiner Prebilic to make the above changes by Examiner's amendment.
